If you have ever wished for a career in the Healthcare profession, there's a need for people like you. The right training program can strengthen your competitive edge by teaching you new skills in an industry that offers growth and career satisfaction.

Study for careers such as:

- + Certified Nursing Assistant
- + Phlebotomy
- + Lab Assistant
- + Medical Office
- + ...and more!

Courses will be taught at local area Community Colleges in supportive classrooms, with additional program assistance, such as:

- + Help deciding the right career path for you
- + Help with training entrance exams
- + Integrated basic education coursework
- + Certification assistance
- + Job search support

To be eligible for the program, you must:

- + Meet income qualifications (TANF recipients encouraged!)
- + Be legally qualified to work in the United States
- + Be 18 years of age or older
- + Go through an assessment to review the appropriateness of your chosen career

If you meet these requirements and would like to be considered for this program, talk with your DSHS worker about beginning a career in Healthcare today!
